Is this course for me?

This qualification provides a pathway to the primary trades in the construction industry with the exception of plumbing. This qualification is designed to introduce learners to the recognised trade callings in the construction industry and provide meaningful credit in a construction industry Australian Apprenticeship.

Through theory and practical course work you will learn to:

- Undertake basic measurements and calculations to determine task and material requirements
- Carry out WHS requirements through safe work practices in all on- or off-site construction workplaces
- Communicate effectively with other workers in a construction workplace environment.

Completion of this course will give you the skills and knowledge required to pursue a career in the construction industry.

Career Opportunities

Trade outcomes are predominantly achieved through an Australian Apprenticeship and this qualification allows for inclusion of skills suited for entry to off-site occupations including:

- Joinery and Carpentry
- Bricklaying
- General construction occupations

Entry Requirements

There are no entry requirements; however you must:

- Show a satisfactory level of language and literacy skills, which will be established at the time of enrolment
- Show a genuine interest in the construction industry
- Be able to perform manual labour
